Cover Letter

Hi,

As a DevOps Engineer with 6.3 years of experience in global companies, I apply with great interest for this role.

I am currently working as the DevOps/SRE Engineer at Amdocs, Pune, India. Responsible for handling day to day troubleshooting activities, managing and automating complex deployment and release process in both on-premise and cloud settings.

Mirroring your requirements:

- I have experience working with required tools and solutions including Git, Jenkins, Ansible, Docker, Linux, JavaScript, Tomcat, Nginx, AWS, WebLogic, AVI, F5, Nexus.
- In addition to my professional experience, I hold a Bachelor Degree in Electronics & Instrumentation.
- I am also hold Associate Level Certification as Solution Architect in AWS and DevOps Engineer Certification.
- My experience working as DevOps Engineer are with organization like TCS, Cognizant and Amdocs.

I communicate effectively with both technical and non-technical stakeholders and excel at investigating/analyzing information and drawing conclusions

Please find attached my resume for your consideration. Thank you very much for your time. I look forward to hearing from you regarding next steps.

Sincerely,

Ashif Eqbal
